#### Quote of the Month From Pam

Suburbia is where the developer bulldozes out the trees, then names the streets after them  
*Bill Vaughan*

Dear Fellow Gardeners,

This month our own John Statham is speaking, introduced by Gini Sage. I guess I'm not allowed to introduce him because last year I laid a mad passionate kiss on his front teeth. Oh well you win some you lose some.

Saturday was our fall plant sale, and boy were we ever worried about the weather but it turned out to be a beautiful Day. Thanks to all our volunteers and the people who donated plants it went well. It was very nice having one of our new members helping out. Try it you'll like it.

Our Society is forming a committee for fund raising. Lots of ideas and people are needed on this committee. Mike suggested that we think about a charitable fund raiser for the town. This can do several positive things for our Society including increasing our Society's visibility in town. I will be walking around at the meeting asking for people to join. I will then set a date and we can have a potluck at my house so we can throw ideas at each other. Please no food fights. This is not just the President's and the board of Directors' Society, it belongs to every member. So let's all get involved and have lots of fun at the same time.

Remember that November is our contest for homemade preserves, get rattling those pots and pans and bring your jams, jellies, conserves etc.

See you at the meeting.
